

# C2C-CC meeting

**Meeting no.** 01  
**Time** Tuesday the 25th of April 2017, at 16.00 – 19.00  
**Place** VIA University College, Horsens

**Organizer:** Klimatorium v. Lemvig Vand og Spildevand / VIA University College / Rambøll / Trade Council of Denmark, New Zealand

Dear all

Due to strong collaboration efforts by Lemvig Water and Wastewater Utility, the Danish Trade Council in New Zealand, Rambøll and VIA, we are fortunate to be visited by associate professor Niki Harre from New Zealand who research in climate change adaptation solutions etc. In her talk, Niki will, amongst other topics, present the MAD (Make A Difference) program where young people are inspired to a more sustainable mindset and lifestyle.

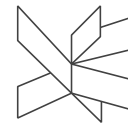

We cordially invite our partners to VIA University College to hear Niki Harres' presentation as well as presentations from Rambøll, Lemvig Water and Wastewater Utility, Central Region of Denmark and VIA University College. We hope it will further promote the collaboration between the C2C-CC partners and provide inspiration to the group.

The program is as follows:
